THE CHARITABLE INSTITUTIONS OF NATCHEZ-THE PROTESTANT ORPHAN ASYLUM, ST. MARY'S FEMALE ORPHAN ASYLUM, DEVEREUX HALL-BOYS

NATCHES, February 3, 1883. Encross Charton: Reing called here again I centme my observations of the enterprising city of

First, I will speak of her charitable institutions. in which she stands pro-eminently alone in her ally constituting her good people the faster parents of the homeless little orphans of the State consigned to their care, how noble the trust! how grand the mission to be the almoners not only of the temporal and physical wants of these little orphans, but also to be the guardians of their moral training, by which their youthful minds are impressed with pure merals and the truths of religion, and they are saved from temptations that would end in lives of shame and of vice, and are prepared, as men and women, to make good members of society when sent out from these noble institutions!

THE NATCHEZ PROTESTANT ORPHAN ASYLUM. This institution in which the Masonie order has of late years taken so much interest, is venerable with age, having been founded as far back as the year 1816, within a few days only of 67 years ago. Hundreds of orphans have found a home within its walls, and been reared to usefulness. As is always the case where suffering humanity required aid and comfort, woman was on hand to alleviate the cry of the orphan, so this institution was founded by ladies entirely, who adopted a Constitution on the 12th of March 1816, the last article of which reads as follows: "With an humble reliance on the blessings of Him who is the inspirer of every benevolent feeling, the subscribers embark in this nterprise of charity. May it be the means of resculing some youthful minds from the paths of ignorance and vice, may it cause some widows heart to "sing for joy," and they will be amply rewarded."

As THE CLARION, of the 8th of November last, gave a brief insight into the workings of the institution, I herewith quote what it said, as nothing cannot be published too often that may do good to such a cause-"The Asylum is not under the control of any denomination. Its Board of Lady Managers includes members of all the Prostestant churches and of the Hebrew congregation in Natchez. There are about fifty children in the Asylum at present, mostly girls. Orphanage of respectable parentage are the only terms of admission. Children without father or mother preferred, but in exceptional cases, they are received when the mother is living. The asylum children attend the public schools in Natches, and are required to attend Sabbath school and church. A most excellent lady (Mrs. White) is in charge as matron, and the Lady Managers have frequent meetings, and give the interests of the institution their personal and patient attention."

And thus for near sixty-seven years the noble Indies of Natchezha ve kept their Asylum open to the Orphans,—at thins they have been very hard pressed for funds to pay the expenses of the institution, and their brave boarts have been sorely tried, when in spite of all their sacrifices it seemed almost impossible to keep up the institution, but just then some liberal person would come to their rescue and the crisis would be passed for the time boling, to be renewed again and to be similarly evercome. This should not be the case; these ladies should be affect by the people of the whole State, and the burden not allowed to be borne mostly by Natchez. There was a universal expression of regret in Mississippi when the Lauderdale Orphan's House was forced to close its doors and dishand its precious charge for the want of support. Let no such fate ever befall either of the Asylums in Natchez. I cannot close this feeble tribute to the Sparian band of ladies upon whom have fallen the manules of the sainted founders of the Natchez Protestant Orphan Asylum, without giving the names of the Officers at locat to the readers of the THE Chanton, their names are Mrs. Agnes Izod, President; Mrs. Kate S. Minor, Secretary; Mrs. Mary R. Flemming, Treasurer; Mrs. White, Matron.

In a much larger building, with a large three story brick dormitory, and other accessories to make the inmate happy and contented is found the Catholic Orphan Asylum of the above name, conducted by those noble salf-sacrificing women, the world over, the Sisters of Charity—who took clarge of the institution on the 30th of January, 1845, a little over 35 years ago. The building then was much smaller, but was gradually enlarged to its present dimensions. Two great bonefactors, Dr. Mercer and Dr. O'Reilly, have contributed much towards enlarging the institution. Its mode of subsisting outside of its garden and receipts from sewing of the children, is principally derived from charitable contributions which committees of ladies of Natchez gather in throughout the whole State. Natchez, however, as in the case of the Protestant Asylum, contributing far more than any other town. Children regardless of creed are received, all that is asked is whether they are orphans and are poor, and to the credit of the institution no child has ever been refused admittance because not a Catholic, neither are children of Protestant parents obliged to become Catholics, and if ever the children ask to be haptized Catholics, consent of either parent is first obtained, if Bring.

The number of children received since St. Mary's Asylum was established, amounts to 325, of which number only 42 died in the institution, a very small percentage indeed for such a long period, and the very best endorsement of how well these children are taken once of by the good Sisters. A lady friend who went through the whole establishment to-day informed ine that it was the very perfection of either parent is first obtained, if Bring.

The number of children received aims are taken once of by the good sisters. The official bond of E. H. Reber, City Collector, was presented, approved, filed and ordered spread upon the minutes.

The City Marshal reported certain sidewalks as being out of repair, and the matter was referred to the Street Committee for Rheir action under chapter 4, article 1, Revised Ordinances.

On motion, the Street Committee was instructed to take necessary action in the matter of purchasing a street through north end of the Blind Acylum property, from North street east to Jefferson, continuation of Asylum street.

On motion, the Board adjourned.

# **MOTHER'S FRIEND**

One of the greatest comforts to those expecting to be confined is a remedy upon which implicit confidence can be placed—one that will produce a safes and quick delivery—one that will control pain and shorten the duration of labor. Such is "TRE MOTEma's FRIEND." Try it and see what

A Blessing it is to Suffering Females. This Liniment when used two or three weeks before confinement, produces a wonderful effect causing a very easy and quick labor, with comparatively little pain, and leaves the mether in a condition to recover quickly—or in other words to have a good getting up. Under it use, labor will ordinarily sexupy much less than the usual time, and the suffering be diminished beyond supression.

The condition for which this remedy is offered in of such a character as to forbid a long array of certificates. Those interested in its use are respectfully referred to the hundreds who have used it.

READ THE TESTIMONIALS: I most seriestly entrant every female expecting to be confined to use the "THE MOTHER'S FRIEND," Coupled with this entreaty, I will add that during a large obstatrical practice (forty-four years), I have never known it to fail to produce a male and quick delivery.

H. J. HOLMES, M. D., Atlanta, Gs.

A lady from one of the counties of Middle Georgia, who has been acting as midwife for many years, writes: "I have disposed of all THR MOTHERS FRIEND you sent me, and I am DELIGHTED WITH IT, in every instance where it has been used its effects have been all that I could ask. I CONSIDER IT A GREAT BLESSING."

A gentleman writes: "My wife used your Mothers's Fairs in a lor louth confinement, and her restimony is that she passed through it with one-half of the suffering of wither of her former confinements, and recovered from it in much less time. She also recommended it to a lady friend who was about to be confined for the first time, and she mays: 'I HAVE NEVER SHEN ANY ONE PASS THROUGH THE STATE AND SO LITTLE SUFFERING."

The names of all these, and many others, can be had by calling at my office.

Having had the foregoing remedy Tronstonently Trayled in Atlanta and vicinity. I new offer it to my patrons as possessing superior merica.

I am permitted also to refer to the following well-known cilisms of Atlanta: 'C. S. Newton, Wm. M. Crumley, Jr., W. A. Greg and D. Bain; all of whom are ready to testify to the merits of the preparation.
